

Document No: SNL2310001
Project Group: BMS

Date :06/11/2021
Status : Final
Type :Standards

Title:

Declaration of Conformity

Product Specifications:

SONAL Renewable declares that:

Product Name : Moonitor BMS
Hardware version : V3
Firmware version : V9.18

Declaration:

The following harmonized standards have been applied:

Directives:

EN 55 022 - European Limits and Methods of Measurement of Radio Disturbance Characteristics of Information Technology Equipment: This standard sets limits and measurement methods for the radio disturbance characteristics of information technology equipment, ensuring that the product operates within acceptable interference levels.

EN 55 024 - European Immunity Requirements for Information Technology Equipment: This standard outlines the immunity requirements for information technology equipment, ensuring the product's resilience against external electromagnetic interference.

Additional Compliance:

RoHS (Restriction of Hazardous Substances) Compliance: Our product complies with RoHS as per EN IEC 63000:2018, confirming its adherence to environmentally-friendly standards.

Conclusion:

This Declaration of Conformity affirms that the Moonitor BMS complies with the aforementioned directives and standards, ensuring its safe and reliable operation while adhering to environmental and electromagnetic compatibility standards.
